PERSONAL PROFILE

Junior Full Stack Developer with a Diploma in Full Stack Software Development from the Code Institute, transitioning from a successful career in fintech business operations. Proficient in HTML, CSS, JavaScript, Python, databases, frameworks, and cloud services, I bring strong communication, collaboration, and problem-solving skills honed over four years in fast-paced, cross-functional environments. My background gives me a unique perspective on how technology can drive business success. Now fully focused on software development, I am eager to join a dynamic team where I can grow, contribute, and apply my diverse skill set to impactful projects.

TECHNICAL SKILLS

Languages:	HTML	CSS	JavaScript	Python	Markdown
Databases:	MySQL	PostgreSQL	ElephantSQL	Firebase
Frameworks & Libraries:	Django	Bootstrap	Flask	React	jQuery
DevOps & Version Control:	Heroku	GitHub	Git
